TERMS OF DEPOSIT

To hold a puppy, your deposit must be received within 3 working days, or the puppy will be placed back up for adoption. The deposit can be in the form of cash, USPS Money Order, Cashier's check or we can accept your credit card through PayPal. NO PayPal chargeback's allowed! If the deposit is being mailed, it must be sent via Priority Mail with delivery conformation or sent overnight mail. Please note that ONLY deposits are accepted through PayPal (not final payments).

When the deposit is received, the puppy will be listed as on "Hold". Once a puppy is paid in full it will be marked as "Sold". For puppies being picked up, the balance is due in cash at the time of pick up. For puppies being shipped, the balance due, including all costs associated with shipping, is due at the time the puppy is 7 weeks old unless prior arrangements have been made. This allows us time to prepare for the puppy's trip. If this amount is not paid by this time, the puppy goes back up for adoption and the deposit is forfeited.

A deposit to get on a waiting list or to hold a puppy is \$500, unless other arrangements are made. A signed **Deposit Form and Contract/Guarantee Form** MUST accompany your deposit. Deposits are NON-REFUNDABLE, but can be held up for 1 year and applied toward a future puppy. After 1 year, all monies will be forfeited.

Any time **prior to 4 weeks of age**, deposits can be transferred to another available puppy for a period of 1 year from original deposit date if you are not happy with how your puppy is turning out or if it has become necessary for you to wait for a better time to adopt. After 4 weeks of age, all decisions are final unless prior agreements have been made. Please note that as the breeder, I have the right of first pick to hold back any puppy of any of my litters. Deposits will be fully refunded, in a timely manner, if for any reason your puppy becomes unavailable due to the fault of the seller (illness or death of the puppy.)
